**LUDHIANA:** To celebrate its 65th founder's day, MBD Group on Thursday organised various CSR activities, in which kids from financially-weak backgrounds spent time at a mall and a movie was screened for them.

Monica Malhotra Kandhari, managing director of MBD Group, said, "I am extremely delighted to announce our group's successful completion of 65 glorious years. Over these years, we have become better by following our founder Ashok Kumar Malhotra's core values of integrity, compassion and courage and carrying forward his vision."

The activities were organised to help the kids enjoy and ensure they have a good time.
