

Luxury and comfort

Radisson Blu MBD Hotel, Noida, launched its all-new MBDPrime Collection, which offers luxury and comfort for guests.

The evening began by presenting guests an exotic treat of leisure. It was followed by a tour of rooms that were tastefully decorated to suit the distinct guest moods. The guests were shown the writing desk, white glove dinner service, signature morning tea service and turndown service with signature aroma in bathtub. Each mood was depicted in bespoke style. There was also a live musical performance.
