Radisson Blu MBD Hotel, Noida has now been transformed into an ultra-luxurious destination. It has relaunched its award winning All Day Brasserie S18 to SXVIII All Day Brasserie. It has also introduced the new MBD Privé Collection with uber luxury rooms and suites. The re-designing exercise is truly comprehensive right from lobby to the adjoining restaurant.

Monica Malhotra Kandhari, Managing Director, MBD Group said: "The idea behind redesigning is to introduce our patrons to an entirely new level of luxury with an enhanced level of service and expediency. Each element is crafted with modern engineering while retaining the traditional essence and is a superb synergy of timeless craftsmanship and uber luxury."
